

October 2010

Dear parents and students,

October reminds us of the orange color, Halloween and colorful trees. I wish you take advantage of this natural beauty and start drawing or painting all the views that you discover. Or let's take a picture of them while everywhere is covered with colors of fall and use them for some of our paintings.

Please not that

- We have a long weekend coming when studio is open and we enjoy having more time to finish our projects or start a new one.
- Studio will be closed from October 12th to October 26th. Unfortunately, we will miss two sessions, which we will make up shortly. But afterwards, I will have some good news to share with you. Stay tuned!
- We have a halloween party this year too, any suggestion or creativity is most welcomed. Even parents are most welcomed to join us on that day.
- You can always contact me through e-mail at Info@colorotopia.com.

Have a colorful October with good adventures in it.
