March 2010

Dear Parents and students

Just few quick reminder for this month.

- We do not have any class on Sat. 21. March
- Please do not park on studio's driveway. We had a few accidents while driver tries to go out also because we have young student who are coming and going ,It is safer for them if you just stop on the street.

This month Mehran Anjomshoa have prepared an article about a new artist "Raphael" . You have 2 weeks to study about him and we will talk about him in the class at the last session of March .Please ask your parents if you need help to read and understand about this artist and be prepared when you come to class to answer the questions. Mehran you have a great taste and you have picked a very different artist. Good job!

Have a very safe March Break.
